SUMMARY

AI-native builder who works side by side with business owners and ships AI-built software fast. Two-plus years building daily with Claude, Next.js, LLM APIs, and autonomous coding agents.

EXPERIENCE

Founder, MORE. · AI implementation for service businesses · East Hampton, NY — 2026 – Present

- Built a phone-first CRM (pipeline, lead cards with call scripts, lead map) with an automated daily briefing.
- Redesigned websites for Pete's Cycle and Broward Motorsports motorcycle dealerships.
- Ship through autonomous coding agents (Cursor) as pull requests, with previews and automated tests before merge.

Head of Operations, Elua · AI Fundraising Startup · Costa Rica (remote) — 2025 – 2026

- Led the ChatGPT-to-Claude migration; built the Claude workspace and an "Ask Elua" assistant on company context.
- Built 20 interactive report artifacts with three-layer citation drill-down, replacing static analyses.
- Authored the Strategic Analysis Manual (50+ versions, 20 methods) and the Agents Operations Manual.
- Built a React ops dashboard; rolled out Asana, Gemini summaries, and eSignature; moved 30+ docs to Drive.

Founder & AI Consultant, Be Brilliant · Independent AI media advertising studio — 2024 – Present

- **BS Score:** built a Chrome extension and API that scores YouTube videos on a 10-dimension rubric with xAI Grok.
- **LizzieTours:** turned a $7M listing's photos into a cinematic tour hosted by an AI influencer and a cloned listing agent.
- **Deep Fried Bananas:** designed a twelve-pillar framework and built an AI roadmap dashboard for restaurant owners.

AI Product Developer, NSLS — 2024 – 2025

- Built an AI career coach for college students and introduced AI tools for prototyping, UX, and document summaries.

EARLIER CAREER
